With a view to provide practical experience and to inculcate Lawyering skills and sportsmen spirit among the students, Sinhgad Law College and Savitribai Phule Pune University, Pune is organizing one day state level

Theme of Seminar:

Sports Law is one of the most neglected areas of law in Indian Legal System. The legislature fails to respond to needs of people who pursue career in sports. Nevertheless it is an area of study that is worthy of definition and in depth academic inquiry and practice. India hosted the Commonwealth Games, a sporting fiesta with 5000 competitors from 85 countries, more than 1.2 million spectators and an estimated 26000 crore rupees invested to make Delhi the cynosure of the sporting world. Such an event of mind boggling proportions entails problems unique and complex related to infrastructure, licensing, sponsorship, media rights and ethical sporting practices. It is an appropriate moment to analyze the need for lucid legal provisions pertaining to sports in India.

Need for Sports Laws

The sporting world has been plagued by scandals and controversies in the past few decades. The Olympic Games Bidding Scandal, the recent IPL scam and allegations of sexual harassment by the Indian Women's Hockey Team have rocked the nation. From six gold medals in a row from 1928 to 1956, the Indian Hockey team hit an all time low failing to qualify for the 2008 Olympics. This incident exposed the maladministration and insularity of a defective system that drained our resources. Even the gentleman's game cricket has been marred by match fixing and payment by bookies. All these incidents expose the dark side of a highly competitive world.
