6.4.1 Institution conducts internal and external financial audits regularly

The institute conducts transparent internal and external financial audits periodically. The internal financial audit of the institute is entrusted to a committee of 3 or 4 accountants working with the STES along with the institute's accounts department.

The external financial statutory audit is conducted by a chartered accountant. A comprehensive examination and verification of all the financial transactions are carried out. All observations and objections of the auditor are communicated through their report to the institute.

The details of the internal audits, compliances and external audits for the respective financial years are given in Additional Information.
